Sonic toothbrush with head set and case FairyWill FW-E11 (black)

FairyWill FW-E11 sonic toothbrush with tip set and case (black).

Now you can take even better care of your oral hygiene. The FairyWill E11 sonic toothbrush generates vibrations at a frequency of up to 40,000 per minute and also effectively cleans areas that a regular toothbrush can't reach. With 5 available modes, you can easily adjust the device to your needs, and the smart timer makes it easy to clean your teeth thoroughly. The set includes up to 8 interchangeable tips and a case.

Effective cleaning

Say goodbye to ordinary, inefficient toothbrushes. The E11 generates high-frequency sonic vibrations to thoroughly and effectively brush your teeth in a short period of time. It removes up to 100% of stains, food debris and other contaminants. Just use it for about 14 days to enjoy visibly healthier teeth and gums. Taking care of your oral hygiene has never been easier!

5 modes of operation

What makes the toothbrush able to perfectly meet the different needs of users? The device allows you to choose from 5 modes, so you can easily adapt it to your requirements. Sensitive mode will be suitable for users who have sensitive teeth. Clean will be perfect for everyday use. Massage provides a gentle gum massage. White will make it easier to whiten teeth and Polish them.

Smart timer

Be sure to brush your teeth for exactly the right length of time. The E11 toothbrush is equipped with a smart timer to make it easier for you. Every 30 seconds a short pause will remind you to change the brushed area, and after 2 minutes the device will finish its work. All this will allow you to brush your teeth thoroughly and help you develop good habits.

Fast charging

Enjoy a long toothbrush runtime. The E11 has a built-in long-lasting battery, so that a fully charged one can serve you for up to 30 days. It only takes about 2 hours to charge the device. This is made possible by modern fast charging technology. You will also find in the set a USB cable, with which you can connect the toothbrush to a power source.

8 tips and case included

The set includes up to 8 replaceable toothbrush tips. Such a large supply will last you up to 2 years! DuPont W-shaped nylon bristles perfectly adhere to your teeth and gums, ensuring thorough cleaning even of hard-to-reach areas. You also don't have to worry about forgetting to replace the tip. When the time is right, the blue bristles will begin to fade to remind you. Plus, the included carrying case makes it easy to transport.

Take it on your next trip

You don't have to give up the ability to brush your teeth thoroughly when you go on vacation or on a multi-day trip. The toothbrush is light and handy enough to accompany you almost anywhere - it won't take up much space in your bag or suitcase. It is also distinguished by its compatibility with 110-240 volts, so you can easily charge it abroad as well.

Waterproof

Use your toothbrush in the bath or shower without worry. The E11 is IPX7 waterproof, which means that splashing or flooding poses no threat to it. You can also safely wash it under running water. This way you will not only prolong its life and keep it in excellent condition, but also avoid the proliferation of bacteria.
