

Filter HEPA for Deerma TJ200W

Filter HEPA for Deerma TJ200W

Ref: 6955578040917

HEPA filter for Deerma TJ200W

HEPA filter designed for Deerma TJ200W vacuum cleaners. It effectively filters dust and other postings, so you can create a clean, safe environment in your home. It is also possible to wash it under running water - this way you will prolong its life and avoid the proliferation of bacteria. To ensure your vacuum cleaner's optimal performance and avoid secondary contamination, be sure to change the filter regularly.
