

## Camera Akaso Brave 4

Camera Akaso Brave 4

Ref: 818537024334

### Akaso Brave 4 sports camera

Equip yourself with a camera that will allow you to get high-quality shots during dynamic activities. The Akaso Brave 4 offers 4K video recording and up to 20MP photos. The 3-axis gyroscope keeps the image very stable, and the included remote control allows for comfortable operation.

### High quality

Preserve the most beautiful moments for a long time not only in memories! Akaso Brave 4 camera records video in 4K/24FPS quality and takes 20MP class photos. This will give you crystal clear, crisp images that will allow you to revisit your greatest moments not only in your imagination!

### Many useful modes

The Brave 4 will give you the ability to record exceptional videos - whatever the circumstances. Use the 5x zoom or Timelapse mode to create unique shots. You can also use the wide-angle setting, so you can catch everything within 170° in the lens.

### More amenities

The Akaso Brave 4 camera employs a number of modern, functional features that take care of the smoothness and quality of your shots.

A 3-axis gyroscope takes care of real-time image stabilization, enabling breathtaking videos - even from sessions of highly dynamic activities.

#### Thoughtful design

The camera has been made with real attention to detail. Its rugged construction, along with the included waterproof case, ensures that you can take it with you even when deep-sea diving - to a depth of 30 meters. The Brave 4 also makes use of a built-in omni-directional microphone that captures high-quality, detail-saturated sound.

#### Convenience and functionality

The included remote control with a wrist band is responsible for highly comfortable operation of the device. This solution allows you to instantly manage the operation of the camera - without the need for a touchscreen interface.
