

Memory card SANDISK EXTREME SDXC 256 GB 180/130 MB/s UHS-I U

Ref: 619659188948

Memory card SANDISK EXTREME SDXC 256 GB 180/130 MB/s UHS-I U3 (SDSDXVV-256G-GNCIN)

SANDISK EXTREME SDXC 256 GB 180/130 MB/s UHS-I U3 Memory Card (SDSDXVV-256G-GNCIN)

Save time with the SanDisk Extreme® SD UHS-I memory card - transferring content at read speeds of up to 180 MB/s with SanDisk® QuickFlow™ technology. For maximum speeds, pair the SanDisk® Professional PRO-READER SD and microSD™ (sold separately). You're ready to capture the best resolution, uninterrupted 4K UHD video, with up to 130 MB/sec writing and U3 recording class. What's more, it's designed to withstand bad weather, water, shock - so you can rest assured that your recording will remain perfect wherever you are.

Short data transfer time

SanDisk QuickFlow™ (64GB - 256GB) technology makes the card optimize performance, saving you time when receiving media with high transfer speeds of up to 180 MB/s. Write speeds of up to 130 MB/s make the card perfect for capturing events on the fly.

Record videos in 4K UHD

Want to record high-quality video footage of weekend getaways or sporting events without losing even a single frame? Opt for a SANDISK memory card. The UHS (U3) and Video Speed Class 30 (V30) allows the SanDisk Extreme® SD™ UHS-I to record 4K UHD and Full HD footage without stuttering.

The durability you need

The SanDisk Extreme SD™ UHS-I card is resistant to temperature, water, shock or radiation. The card will perform well in a variety of conditions. Don't worry about lost materials - RescuePRO software allows you to recover accidentally deleted images (software needs to be downloaded separately).
