SANDISK EXTREME PRO SDHC 32GB 100/90 MB/s UHS-I U3 Memory Card (SDSDXXO-032G-GN4IN)

Take your creativity to the next level with the SD™ UHS-I card, this advanced card will give you the performance you dream of. Record smooth 4K UHD videos, thanks to a write speed of up to 90 MB/s and UHS 3 (U3) recording speed class. It's also not going to delay your work in post-production - it guarantees data transfer speeds of up to 100 MB/s. That's not all! The card is prepared for different weather conditions - waterproof or shockproof allows you to work in different circumstances.

Fast transfer

Taking pictures is not everything, efficient transfer and seamless post-production are also important, and this is possible, thanks to the transfer speed of up to 100 MB/s. The ability to work faster will take your work to the next level!

Ideal for recording and continuous shooting

With the SanDisk Extreme PRO® SD™ UHS-I card, you'll get the performance you've been dreaming of - allowing you to smoothly record superb 4K UHD video. UHS Speed Class 3 (U3) and Video Speed Class 30 (V30) allow you to record continuous shooting instantly, without unnecessary or annoying jams.

The durability you want

The card is designed to find its way even in tough conditions. SanDisk Extreme PRO® SD™ UHS-I is temperature, shock, water and X-ray resistant. And that's not all! If you accidentally lose all your materials, don't fret! SanDisk offers data recovery software - RescuePRO® Deluxe (software must be downloaded separately).
