

Memory card SANDISK EXTREME microSDXC 256 GB 190/130 MB/s UH

Ref: 619659188504

Memory card SANDISK EXTREME microSDXC 256 GB 190/130 MB/s UHS-I U3 (SDSQXAV-256G-GN6MA)

SANDISK EXTREME microSDXC 256 GB 190/130 MB/s UHS-I U3 memory card.

Enjoy lightning-fast data transfer with the SanDisk memory card. The product reads files at up to 190 MB/s and writes at 130 MB/s. The 256GB capacity allows you to store more data, and the A2 performance class is responsible for faster application performance. In addition, you can record videos in 4K UHD and Full HD quality without unnecessary interruptions.

Reliable speed

The SanDisk memory card allows you to transfer files at speeds of up to 190 MB/s, so you won't have to wait long for your files to transfer. On the other hand, you'll save them at speeds of up to 130 MB/s. What's more, optimization for the use of applications positively affects their speed, which translates into a greater user experience.

Rugged and compatible

The GN6MA is distinguished by its rugged design. The memory card is resistant to shock, water and extreme temperatures, as well as X-rays. So you can take it on vacation without worrying about damage. What's more, it works with Android smartphones, sports cameras and drones.
