ENCHEN EN001 nose trimmer

Get rid of unsightly nose hair. ENCHEN EN001 nose trimmer is equipped with a powerful motor and a high-quality blade, so it quickly and effectively deals with unwanted hair. Lightweight and handy - it can accompany you almost anywhere. What's more, the long-lasting battery means that a fully charged device will last you up to a year.

Impressive performance

The ENCHEN nose trimmer is equipped with an excellent quality blade, thanks to which it can handle even the most stubborn hairs in no time. The built-in motor, whose speed reaches 6000rpm, is responsible for the efficient operation of the device. Now you will quickly forget about unwanted hair! What's more, a special guard ensures that the blade does not come into direct contact with the skin, thus avoiding irritation or cuts.

Long working time

Take the trimmer on vacation and avoid the need to pack extra cables. The device works wirelessly and has a run time of up to 90 minutes. Assuming you use it for about a minute 1-2 times a week, you can use it for up to a year on a single charge! In addition, the USB-C interface allows you to charge the trimmer not only with a charger, but also with a powerbank, for example.

Easy to maintain

Keeping the device in good condition will not be a problem for you. You can easily disassemble the trimmer's cutting head and thoroughly rinse it under running water, and reuse it after drying. This way you will avoid the proliferation of bacteria. You will also extend the life of the device.

Created for your convenience

Find out that fighting unwanted hair doesn't have to be difficult and uncomfortable. The ENCHEN brand trimmer is very simple and convenient to use. It is equipped with an intelligent control system that ensures its stable operation. What's more, thanks to its lightweight, compact design, you can easily take it with you on vacation. Its safe transportation is made possible by the included protective cover for the blade.
