The ENCHEN brand is part of the Xiaomi ecosystem.

ENCHEN Mint 3 tooth irrigator

Now you can take even better care of your oral hygiene. The ENCHEN Mint 3 irrigator effectively eliminates plaque and other debris, and with 3 available modes, it will satisfy even the most diverse needs of users. It is also distinguished by IPX7 water resistance and a runtime of up to 20 days on a single charge. The device is also extremely lightweight and portable - it will also work well when traveling.

Optimal cleaning

Enjoy a beautiful, white smile. The irrigator works at a frequency of up to 1,900 vibrations per minute, effectively removing up to 99.9% of plaque. Thoroughly cleans even hard-to-reach areas of the mouth and spaces between teeth. Effectively eliminates food debris and other contaminants. Stably maintains water pressure, making it easier to fight bad breath and other dental problems.

3 modes of operation

Customize your irrigator's performance to suit your needs. Mint 3 lets you choose from 3 cleaning modes. Normal mode is great for

everyday use - it provides exceptional accuracy and efficiency. Pulse mode allows you to benefit from a gum massage. If you have sensitive teeth or are using an irrigator for the first time, choose Soft mode, which offers a slightly gentler operation.

Specially designed nozzle

What else makes the Mint 3 irrigator able to provide such thorough and effective cleaning? The device is equipped with a specially designed standard nozzle with an opening of 0.6mm in diameter. Thanks to this, the water jet it generates is thin enough to easily reach also hard-to-reach areas of the oral cavity, such as at the gum line or between teeth. The set includes 3 interchangeable tips!

Long working time - automatic timer

The device features a cordless design for greater convenience and freedom of movement during use. It is equipped with an extremely powerful battery, so that fully charged it can serve you for up to 20 days. What's more, the smart timer makes the irrigator automatically turn off after 3 minutes of operation to protect the motor and save energy. The product can be charged using the included cable.

Waterproof

Use your irrigator freely in the bathroom or shower. The device is IPX7 waterproof and extremely leak-proof. Don't be afraid of damaging it! Mint 3 also has a large water tank with a capacity of 140ml - you don't need to refill it while brushing your teeth. Its filling is extremely easy - just unscrew it. You can also clean it without any problems.

Take it on vacation

Don't give up the ability to brush your teeth thoroughly when you go on vacation or on a business trip. The cordless, lightweight and portable design means that the irrigator can accompany you almost anywhere! It will easily fit in your suitcase or bag. What's more, you can easily remove the device's nozzle and hide it in the water tank. This will avoid damaging it and make the irrigator take up even less space!
