Orico HDD 2.5" SATAIII USB 3.0 external drive enclosure (black)

Orico HDD 2.5" SATAIII USB 3.0 external drive enclosure

Make use of your old 2.5" SSD / HDD hard drives and gain access to more storage. The Orico enclosure is equipped with a USB 3.0 data interface and supports capacities up to 2TB. It is lightweight, compact and extremely durable.

Performance first and foremost

With the Orico enclosure, you'll quickly forget about missing storage space for your important files. The 2189U3 supports drives of up to 2 TB. That's enough space to freely manage your music, HD movies or documents. The USB 3.0 interface provides lightning-fast data transfers of up to 5 Gbps.

Wide compatibility

The product works with 2.5" HDD and SSD drives (7 - 9.5 mm thick). It features compatibility with Windows 2000 / XP / 7 / 8 / 10, Linux and Mac OS (9.1 or later). Moreover, the enclosure guarantees simple installation of the drive without any tools.

Thoughtful design

The device is distinguished by a small, lightweight design that will not take up much space on your desk. The solutions used also made it possible to achieve protection against overheating, overload or short circuit. The case is also resistant to impacts and falls.
