BlitzWolf BW-PC1 power charger

Now you can power up to 6 devices simultaneously. The BlitzWolf BW-PC1 AC Charger is equipped with 3 AC outlets, a USB-C port and 2 USB-A ports. Its maximum power output reaches 2500W. Lightweight and portable - you can conveniently use it not only at home, but also at work or on a trip, for example. The device also ensures the safety of use.

As many as 6 available ports

You no longer have to search for available outlets or wait for one device to be charged before plugging in another. The BW-PC1 charger offers as many as 6 different ports, so it allows you to power up to 6 devices at the same time. This way you can also save space! Available ports include 3 AC outlets, 2 USB-A (QC3.0) and USB-C (PD3.0). With BlitzWolf you will forget about limitations!

Impressive charging performance

Say goodbye to having to wait a long time for your devices to be charged. The BW-PC1 charger stands out for its impressive performance. Its total output power is as high as 2500W. It can provide up to 18W for a single USB-A (QC) port, and up to 20W for a single USB-C (PD) port. Now you can charge your phone, tablet, laptop or wireless headphones in no time.

Safe to use

With BlitzWolf, you don't have to worry about the safety of the charger or the devices connected to it. The product is equipped with an advanced protection system against overload, overcurrent and overheating, among other things. So you can charge your equipment without worrying about damage.

With your comfort in mind

Thanks to its well-thought-out design, the BW-PC1 charger will not only charge your devices quickly, but also make it easier for you to keep your desk tidy. Its convenient operation is enabled by a single button, and a long, flexible 1.5-meter cable allows you to plug it in. What's more, with the help of a special adhesive pad, you can, for example, stick the charger under the table.

Works well when traveling

Don't give up the ability to charge several devices at once when you go on vacation or on a business trip. The charger is extremely compact, lightweight and portable - it weighs only 351g and measures 80x92.1x72.5mm. You can easily fit it in a suitcase, travel bag, or even in a backpack or handbag.
