Ref: 6953156301108

Pendant EMS Relax Warm Compress Neck Massager ANLAN 09-AAMY02-02A

Pendant EMS Relax Warm Compress Neck Massager ANLAN 09-AAMY02-02A.

Forget about muscle pain and neck stiffness. The compact neck massager by ANLAN will help you relax and bring you the relief you dream of. It uses EMS currents and also offers a warm compress function. It allows you to choose from 6 modes, 15 intensity levels and 3 temperature settings. At the same time, it is extremely comfortable to use and lightweight - it weighs only 70g.

EMS massage

Give yourself a relaxing massage, say goodbye to pain and enjoy the relaxation of your dreams. The ANLAN brand device uses EMS electrostimulation to eliminate discomfort and reduce muscle stiffness. You will successfully use it on your neck, shoulders, arms or thighs, for example. The massager will help you relax and relieve pain!

6 working modes and 15 intensity levels to choose from

Adjust the action of the massager to your needs. The device offers up to 6 modes of operation. Available options include Pushing, Tapping, Pressing, Kneading, Acupuncture and Combo. You can also choose from 15 levels of intensity. Levels 1-5 provide a gentle massage, 6-10 will help get rid of fatigue, and 11-15 will eliminate muscle soreness, for example, after a workout.

Warm compress

The massager also offers a warm compress function to improve circulation and reduce the feeling of fatigue. This is an ideal option after a long, challenging day. You can also choose from 3 temperature settings - 38°C, 40°C and 43°C. This will help you adjust the operation of the device even better to your expectations.

Made for your convenience

Say goodbye to heavy and impractical massagers. The device by ANLAN weighs just 70g and stands out for its thoughtful, ergonomic design. It sits perfectly against the skin and has an adjustable clasp, so you can optimally adjust it to your needs and use it at work, at home or while traveling. It is also equipped with a small display that makes it easy to use.

Durable battery

Free yourself from cables and enjoy freedom of movement. The massager is distinguished by its wireless design - it is equipped with a powerful 500mAh battery. Its working time reaches 67 minutes on a single charge. The device also has a smart timer - it automatically shuts off after 15 minutes of uninterrupted operation. Thus, it can provide you with an optimal massage and save energy.
