Wireless Gaming Controller iPega PG-P4019A touchpad PS4 (yellow)

iPega PG-P4019A wireless controller / GamePad PS4 touchpad (yellow)

Immerse yourself in the world of gaming with the PG-P4019A. The iPega wireless controller features 2 vibration-generating motors and a 6-si gyroscope for even more immersion. It's also equipped with a speaker, a 3.5m port and a touchpad for more convenient operation. In addition, LED backlighting gives the device a gaming feel.

Greater immersion

The iPega GamePad has two motors that respond to game events with gentle vibrations and sound. What's more, the 6-axis gyroscope provides greater precision and more accurate direction detection. Now you can easily negotiate corners and avoid enemy attacks.

Built-in touch pad

For even more convenience of use, the controller has a touch pad. It will be great for shooting games. Thanks to it you can enjoy even more precision and fluidity during gameplay.

Thoughtful design

The PG-P4019A also has a built-in speaker and a 3.5mm audio port, so you can connect headphones. In addition, colorful LED backlighting gives the controller a gaming touch, and a special indicator will let you know the battery level. Meanwhile, the ergonomic

design and TPU plastic-finished handles are responsible for unparalleled comfort during use.

Durable battery

Don't be afraid of a suddenly discharged controller. The Game Pad has a 600 mAh battery, which translates into about 8-10 h of operation. Moreover, it remains in standby mode for up to 30 days. To renew the device's energy, connect the PG-P4019A to a power source using a USB-C cable (included). After about 3 h of charging, the device will be ready to work again.
