Bluetooth Wireless Speaker Vipfan Mirage BS05, RGB

Vipfan Mirage BS05 Bluetooth Wireless Speaker

The Vipfan BS05 wireless speaker provides high-quality sound and looks great. It is equipped with a magnetic 57mm driver and features colorful RGB backlighting that you can customize according to your preferences. The long-lasting battery allows you to enjoy an operating time of about 4-6 hours, and Bluetooth 5.0 guarantees a reliable connection. You can also play music from a memory card or USB drive.

Play music from a variety of sources

The BS05 speaker allows you to play music in several ways. It supports Bluetooth 5.0 technology, so it can provide a fast and stable wireless connection. Pair your smartphone with it and enjoy high quality sound while listening to your favorite playlists or making phone calls! You can also connect the device of your choice to it with a cable. The speaker also supports TF cards and USB drives. Radio mode is also available.

Unique design

The speaker's original design is likely to appeal to many users. The dynamic, colorful RGB backlighting gives it a unique, modern character. It's perfect for a party! You can also customize the appearance of the device to your liking. There are up to 11 backlighting modes to choose from. Try them all out and find the perfect setting for you!

Long working time

Are you planning a garden party? Or maybe you are going for a barbecue? Don't worry that the speaker will drain too quickly and spoil your fun! The BS05 is equipped with a durable battery with a capacity of 4000mAh. This allows it to play music for up to about 4-6 hours on a single charge! Its operating time during phone calls reaches up to 8 hours.

Fantastic sound quality

Experience how good your favorite songs can sound. The speaker is equipped with a 57-millimeter driver and a passive subwoofer, it also stands out with a power of 8W. As a result, it can provide excellent quality 360° surround sound. It will surprise you with great harmony and richness of details. The ear-pleasing treble and deep, powerful bass will let you discover your favorite songs anew!
