

Car charger Vipfan C03, USB + USB-C, 20W, PD + QC 3.0 (black)

Ref: 6971952433755

Car charger Vipfan C03, USB + USB-C, 20W, PD + QC 3.0 (black)

Vipfan C03 car charger

The handy Vipfan C03 car charger is equipped with one USB port and one USB-C port and is compatible with the QC3.0 fast charging protocol. The universal 12-24V input voltage makes the charger suitable for most popular cars and trucks, while the built-in smart chip automatically adjusts the current to the devices being charged, ensuring their safety.

Safe energy renewal

The Vipfan C03 provides fast charging with 18W of power for the USB port and 20W for the USB-C port. The perk is also the built-in smart chip, which automatically recognizes the connected equipment and matches it with the optimal current. So you don't have to worry about the safety of your smartphone or tablet.

Elegant and robust

The Vipfan C03 car charger maintains a stable position even on bumpy roads. Its housing is made of non-flammable materials, which increases the safety of use, moreover, the use of PC guarantees high resistance to mechanical damage.
