

Wall charger Vipfan E04, USB-C, 20W, QC 3.0 + Lightning cabl

Ref: 6971952431782

Wall charger Vipfan E04, USB-C, 20W, QC 3.0 + Lightning cable (white)

Vipfan E04 network charger + Lightning cable

Want to charge your devices quickly and safely? The compact Vipfan E04 network charger will help you, charging with a maximum power of 20 watts and supporting the QC3.0 fast charging protocol, so you only need 30 minutes to renew your smartphone's power to 50%. The kit includes a Lightning cable.

Efficient operation

The Vipfan E04 mains charger charges with a maximum power of 20 watts, which, combined with the QC 3.0 fast charging protocol, translates into an extremely fast renewal time. So it only takes half an hour for your smartphone to be half charged. Also noteworthy are a number of safety features - the charger protects against overcurrent or overvoltage, among other things.

Thoughtful design

The charger is made of high-quality ABS and PC materials, which are flame retardant and extremely durable. Also noteworthy is the smart chip, which automatically adjusts the current to the connected device and thus ensures a high level of safety.
