

Flashlight HOTO QWSDT003, 280lm, USB-C

Flashlight HOTO QWSDT003, 280lm, USB-C

Ref: 6974370800918

HOTO QWSDT003 flashlight, 280lm, USB-C

Choose the HOTO flashlight and gain access to a reliable source of light. The QWSDT003 offers a brightness of 280 lm and is responsible for stable illumination with a range of up to 200 meters. What's more, the long-lasting battery guarantees a long runtime, and the IP55 water resistance level increases the freedom of use.

Efficient operation

The product has a durable lithium-ion battery with a capacity of 1500 mAh, so it can work for up to 3 h of operation - if you use the high brightness level with a range of 200 m. On the other hand, on a low brightness level, the flashlight works for about 24 h on a single charge, generating light with a brightness of 20 lm and a range of 10 m.

Comfort of use

Operating the flashlight will not cause you any problems. The device is equipped with a button that you can use to turn the QWSDT003 on/off. You can also choose between 3 operating modes: Lightning, SOS and Flashing. It is also possible to adjust the brightness. In addition, the flashlight remembers the last selected mode. It is also water (IP55), dust and wind resistant, so you can use it regardless of the conditions.

Thoughtful design

The HOTO flashlight was made to be safe to use. The device dissipates heat well, and the aluminum alloy construction and internal cooling system further prevent overheating and eliminate the risk of burns.

Manufacturer

HOTO

Name

HOTO QWSDT003 Flashlight

Model

QWSDT003

Weight

approx. 146 g

Dimensions

Ø30 x 145 mm

Brightness

280 lm

Input current

5 V - 1 A

Rated voltage

3,6 V

Charging time

approx. 240 min

Working time

24h (low brightness level), 3h (high brightness level)

Battery type

Lithium-ion

Battery capacity

1500 mAh

Water resistance

IP55
