

Hair clipper ENCHEN BOOST 2-B

Hair clipper ENCHEN BOOST 2-B

Ref: 6974728531303

ENCHEN BOOST 2-B hair clipper

The Enchen hair clipper will save you both time and money. The device features a 4600 rpm motor and rounded blades for safe use. It offers an adjustable range of 0.7-21 mm, so you don't need additional accessories for that. In addition, the BOOST 2-B offers Turbo mode and features an ergonomic design. What's more, its operation is simple, and the USB-C port will facilitate charging.

Precision

The product is equipped with a powerful motor that runs at 4000 rpm and uses frequency conversion technology (EC001). In addition, it offers a Turbo mode (4600 rpm), allowing you to cut even faster. What's more, the device has high-quality blades. Moreover, you can adjust the length of the comb attachment from 0.7-21 mm.

Thoughtful design

BOOST 2-B is distinguished by its ergonomic design - the razor fits perfectly in your hand. Moreover, it has one convenient button, so its operation will not cause you any problems. In addition, the head of the device can be easily disassembled and cleaned. What's more, the razor works quietly (55 dB), and the nano-ceramic blades are durable and do not heat up as quickly as those made of stainless steel.

Safety of use

The device is designed to be safe to use. The blades, which are rounded on the sides, prevent injury, and a special light indicator will let you know the battery level. What's more, it has an intelligent ESM charging system, which is responsible for controlling power consumption and distribution to ensure high productivity, even when the battery level is low.

Convenient charging

The Enchen hair clipper is equipped with a rechargeable battery that allows for about 2 h of operation on a single charge. What's more, it has a USB-C port, so you can easily charge it. You'll connect the BOOST 2-B to your computer, powerbank, or mains charger. After about 3 h, it will be ready to continue working.
