

## Electric shaver ENCHEN Victor

Electric shaver ENCHEN Victor

Ref: 6974728533420

### ENCHEN Victor electric shaver

Take care of your beard with the Enchen shaver. The Victor model features 3 movable cutting heads for precision, while the powerful motor runs extremely quietly and will trim your beard quickly. The clever design makes it easy to assemble/disassemble and clean, and the built-in rechargeable battery provides up to 60 minutes of use on a single charge.

### Safe and precise shaving

The product has 3 independent cutting heads that adapt to the shape of the face and glide smoothly over it. This makes shaving simple and safe. In addition, the thin, self-grinding blades guarantee precision, eliminating even the shortest hairs. They are also distinguished by long life, so you are sure that the shaver will serve you for a long time.

### Smart performance

The device is equipped with an efficient motor, which is distinguished by relatively quiet operation - the noise level is 67 dB. In addition, the Victor model uses the ESM system, which is responsible for fast and precise shaving. What's more, the solutions used allow the shaver to work at optimum speed at low battery levels. So you don't have to worry about cuts and irritation.

### Durable battery

The shaver is equipped with a 600 mAh battery, which translates into about 60 minutes of use on a single charge. To renew the device's energy, connect it to a mains charger, powerbank or computer using the included USB to USB-C cable. After about 1.5 h, it will be ready to continue working.

With attention to detail

Using the shaver will not cause you any problems. The device has a single, large button with which you will turn it on/off. In addition, you will be informed about the status of the battery by the display, and the ABS plastic construction ensures durability. In addition, the magnetic design makes it easy to install and remove the head.
