Flashlight Superfire L3-D, 2700lm, USB

Ref: 6956362969865

Superfire L3-D Flashlight

The Superfire L3-D flashlight shines with a brightness of 2700 lm and provides a stable light with a range of 400 meters. Waterproof to IP46 and made of sturdy materials, it will perform well in the outdoors, a powerful 7400 mAh battery and long runtime are also a plus. The L3-D offers 5 operating modes, plus it is handy and convenient to use.

Reliable light source

The Superfire L3-D flashlight has a high-quality LED, thanks to which it generates a powerful light of 2700 lm at 36 watts. Thus, it provides stable and even illumination with a range of up to 400 meters. The product will prove useful for both domestic activities and extreme outdoor adventures.

5 operating modes

The flashlight offers 5 modes of operation, so you can use it in many different situations. At your disposal are Weak, Medium and Strong modes, as well as Strobe, during which the bright light flashes at a high frequency. There is also an SOS mode to choose from, which will allow you to call for help in an emergency.

Robust and durable

The flashlight's design ensures that the product is extremely durable, but also highly comfortable to use. The trump card is efficient heat dissipation, so the L3-D does not heat up, and its use is completely safe. The IP46 water resistance makes it unafraid of drops of sweat or rain, in addition, the L3-D is resistant to falls from a height of 1 meter.

Long runtime

Don't worry that the flashlight will refuse to work when you least expect it. The L3-D has two rechargeable lithium-ion batteries that provide up to 3 h of operation on a single charge. To renew their energy, just use the included charger. After 3 h, the product will be ready for use again.
