Ref: 6956362995673

Superfire S11-D Flashlight

Looking for a handy flashlight that you can easily store in your pocket? The Superfire S11-D will meet your expectations. It provides a brightness of 165 lumens and has a range of 165 meters. The flashlight offers 4 modes of operation, a powerful rechargeable battery and long runtime are also a plus. The product is light and compact - it weighs only 74 g and you can easily take it to the place of your choice.

Effective illumination

The high-quality LED makes the flashlight successfully illuminate the space at a distance of up to 165 meters. It generates a powerful light with a brightness of 135 lm and is distinguished by a power of 2 W, so it provides stable, even illumination. The S11-D will prove useful both at home and outdoors.

4 operating modes

The flashlight offers 4 modes of operation, so you can use it in many different situations. At your disposal are Weak and Strong modes, as well as Strobe, during which the bright light flashes at a high frequency. There is also an SOS mode to choose from, which will allow you to call for help in an emergency.

Stow it in your pocket

The Superfire S11-D is extremely handy, making it perfect for use as a pocket flashlight. It weighs only 74 g, and its dimensions are 113 x 24 x 24 mm. You can take it outdoors, and thanks to its built-in 800 mAh battery, it will serve you for 2 hours. It will take the same amount of time to renew its energy.

Solid construction

The flashlight is made of high-quality materials, making it resistant to harsh weather conditions and mechanical damage. So you can take it, for example, under a tent and do not have to worry about damaging the product. Also noteworthy are the charging indicators - red informs about the status of charging, while blue indicates full renewal of energy.
