

## Flashlight Superfire S33-C, 210lm, USB

Flashlight Superfire S33-C, 210lm, USB

Ref: 6956362999589

### Superfire S33-C Flashlight

Equip yourself with a handy flashlight that will give you reliable illumination in many different situations. Superfire S33-C provides stable light with 210 lm brightness and a range of up to 180 m, moreover, it is made of solid materials and is IP43 waterproof. The working time of the flashlight is 2 h, in addition, it is not intimidated by a fall from a meter.

### Stable illumination

The Superfire S33-C flashlight is equipped with a high-quality SH-U03 LED, thanks to which it generates even light with 210 lm brightness and a range of up to 180 meters. Thus, the S33-C will perform well both indoors and outdoors, where it will illuminate a large area of terrain. The power of the flashlight is 5 watts.

### 4 operating modes

The flashlight offers 4 modes of operation, so you can use it in many different situations. At your disposal are Weak and Strong modes, as well as Strobe, during which the bright light flashes at a high frequency. There is also an SOS mode to choose from, which will allow you to call for help in an emergency situation.

### For all weathers

Do you like evening walks? Or do you go fishing? Opt for the Superfire S33-C flashlight, which, thanks to the use of durable materials, is extremely resistant to weather conditions and mechanical damage. The product is distinguished by water resistance at the level of IP43, moreover, it is not afraid of a fall from a height of 1 meter.

#### Long working time

Do not worry that the flashlight will refuse to work when you least expect it. The S33-C has a powerful lithium-ion battery that provides up to 2 h of operation on a single charge. To renew its energy, just use the included charging cable. After 2 h, the product will be ready to use again.
