Powerbank Romoss Simple 20, 20000mAh (white)

The Romoss Simple 20 Powerbank features a 20000mAh capacity and a compact design - you can carry it with you at all times! It is equipped with 2 USB output ports and 3 input ports - Lightning, Micro USB and USB-C. The powerbank is compatible with most popular devices and ensures safe use.

### Fast and safe charging

Your device will be ready to go in no time! The powerbank supports fast charging, which will allow you to charge your smartphone faster. Two USB outputs allow for 1A or 2.1A power. You don't have to worry about damaging your equipment while charging - the Romoss powerbank protects against overcharging, overvoltage, overcurrent, short circuit, electromagnetic field and harmful temperature effects.

### 3 available ports

Simple 10 has 3 different input ports built-in - USB-C, micro USB and Lightning. This allows you to connect it to power with the same cable you use to charge your phone.
