

Powerbank Romoss SW20PF 20000mAh, 22.5W (white)

Ref: 6973693499199

Powerbank Romoss SW20PF 20000mAh, 22.5W (white)

Romoss Powerbank SW20PF 20000mAh, 22.5W (white)

Charge your devices quickly and safely, no matter where you are. The Romoss SW20PF powerbank features a 20,000mAh capacity and fast charging at 22.5W. It has 2x USB and 1x USB-C outputs that allow you to charge several devices at the same time, and 3 inputs ensure convenient renewal of the powerbank's energy. A digital LED screen informs you about the charge level, but also the voltage and amperage.

Charge 3 devices simultaneously

The product has as many as three output ports, making it possible to charge up to three devices at the same time. The SW20PF is equipped with one USB-C port, and two USB ports. Save time and charge several devices at once!

High capacity for multiple charging

Romoss SW20PF is equipped with a 20,000 mAh battery, so it can charge your smartphone up to several times. Are you an owner of an Iphone 13? The powerbank will charge it up to 4.6 times! The Samsung Galaxy S22 can be charged 4 times, while the Xiaomi 11Pro can be charged 2.4 times.

Fast and safe charging

The device features compatibility with major fast charging protocols - it is compatible with PD/QC3.0 protocols, making it possible to quickly charge devices from brands such as Apple, Huawei and Xiaomi, for example. You don't have to worry about your equipment being damaged while charging - the Romoss powerbank protects against overcharging, overvoltage, overcurrent, short circuit, electromagnetic field and harmful temperature effects. In addition, you can take it with you on a plane.

Digital display

The powerbank from Romoss has a digital LED display that provides information about the charge level. However, that's not all. The innovative technology allows you to switch between modes and display information about voltage and charging rate. In addition, a small icon will appear on the screen when the charger is in fast charging mode.
