Romoss Sense 8+ 30000mAh Powerbank (white)

Charge your gear quickly and conveniently. The Romoss powerbank uses 18 watts of power and allows you to quickly charge 3 devices at once. In addition, it's equipped with a number of safety features to make it safe to use, and LED indicators will let you know the battery level.

Fast and convenient charging

The Romoss powerbank has USB x2 and USB-C ports, so you can charge 3 devices simultaneously. In addition, it supports fast charging protocols (PD, QC, FCP, etc.). As a result, you will charge your iPhone 13 to 50% in about 30 minutes. Moreover, the 30000 mAh capacity allows you to charge the iPhone 13 as much as 7 times, and the Samsung Galaxy S22 about 6 times. On the other hand, charging the powerbank will take about 8 h (18 W).

Safety of use

The Romoss powerbank is designed to be completely safe to use. The product has protection against overcharging, over-discharge, overvoltage, short circuit, reverse polarity, etc. This gives you peace of mind that your device is protected from damage.

User-friendly

Romoss Sense 8+ is equipped with color LED indicators that will provide you with information on the status of the device. This will let you know about the battery level and the need to charge the powerbank.
