

Powerbank charger Telesin for RODE Wireless GO I / II microp

Ref: 6972860179674

Powerbank charger Telesin for RODE Wireless GO I / II microphone 4000mAh

Telesin 4000mAh powerbank charger for RODE Wireless GO I / II microphone

The Telesin powerbank charger will provide you with an easy way to replenish the power of your RODE Wireless GO I / II microphones. It features high capacity and compatibility with other devices and a durable design with a power level indicator.

Powerful charging

The device is distinguished by its maximum power level of 18 watts. It can accommodate up to 3 Rode Wireless GO I / II microphones, allowing simultaneous energy replenishment. The powerbank offers 4000 mAh capacity. You will also successfully charge other devices with it.

Thoughtful design

The charger has an ABS plastic housing, making it extremely durable and wear-resistant. It is equipped with a light indicator that informs you about the remaining energy level.

The kit includes:

- Charger
- USB-A to USB-C cable
