

Utility Frame Insta360 X3

Utility Frame Insta360 X3

Ref: 6970357854165

Insta360 X3 protective frame

The insta360 frame provides protection for your camera and its lens. It is tailored to fit the shape of the X3, so you can be sure that your equipment is protected from damage. What's more, the cold shoe adapter and 1/4 thread allow you to mount additional accessories, for example, a microphone or mount for convenient recording from a horizontal position.

Safety of use

The frame is made of metal, so the camera is protected from falls or scratches. What's more, the lens cover provides additional protection. Thus, you can take your insta360 X3 on vacation and record without interference.

Functionality

In addition to the camera, you'll also find a cold shoe adapter included, which will allow you to mount additional accessories. You can successfully connect a handle, microphone, or attach the camera to a helmet to the X3. What's more, you can mount additional equipment both horizontally and vertically.
