

Powerbank Romoss Sense 6PS+ 20000mAh (white)

Powerbank Romoss Sense 6PS+ 20000mAh (white)

Ref: 6958377506899

Romoss Sense 6PS+20000mAh Powerbank (white).

Charge your gear quickly and conveniently, especially if there is no power source nearby. The Romoss Powerbank supports fast charging protocols, and with a range of safety features, using it is completely safe. Equipped with 3 output ports, it allows you to charge several devices simultaneously. In addition, it is compatible with most smartphones and tablets from popular brands.

Instant charging

You no longer have to wait indefinitely for your smartphone to charge. The powerbank supports fast charging protocols. This will instantly charge your iPhone battery to about 50% in 30 minutes.

Safety

The Powerbank has been designed to make using it completely safe. The device is protected against overcharging, overcurrent, over-discharge, overvoltage, short circuit, etc. In addition, you can also use it while traveling on an airplane.

Multiple ports

The Sense 6PS+ has 3 output ports: one USB-C and two USB. This means you can charge 3 devices at the same time, for example, a smartphone, a tablet and a console. In addition, it is equipped with 3 input ports: USB-C, Lightning and micro USB, to which you connect

the cable and charge the powerbank.

Long working time

The powerbank's battery capacity is 20,000 mAh, so on a single charge it can renew the power of the iPhone 8 up to 8 times, about 4.3 times of the Huawei P10, about 4.3 times of the OPPO R11s. In addition, the charging time of the Sense 6PS+ is about 7 hours (if you use an 18W adapter).

Wide compatibility

Another advantage of the Romoss product is its wide compatibility. The powerbank works with devices such as smartphones and tablets with Android and iOS operating systems, for example, Samsung, Xiaomi, Huawei or iPhone. You can also use it to charge a Nintendo Switch console.

Elegant, durable design

The powerbank is made of environmentally friendly materials, and is also resistant to minor damage and scratches. In addition, the LED display will let you know the current battery level. Its lightweight and compact design will make it easy to store.
