Ref: 4894240110881

Car holder ESR HaloLock with Qi inductive charger, MagSafe (black)

ESR HaloLock car mount with Qi inductive charger, MagSafe (black)

Enjoy navigation comfortably and charge your phone quickly with ESR's mount. The product also offers a wireless charging function, for added convenience. It is perfect for long journeys without blocking visibility. It is dedicated to the iPhone 12 / 13 / 14 series.

Conveniently charge your phone

Going on vacation or maybe on a business trip? In such and similar situations, the ESR mount will prove its worth. The product allows you to wirelessly charge your iPhone 12 / 13 / 14 and allows you to quickly renew the device's power - if you use the 36 W adapter (sold separately).

Safety of use

The mount is equipped with magnets and finished with silicone, which ensures stability and prevents the smartphone from moving. Slowing thresholds, bumpy roads, sudden braking - these and other obstacles pose no threat to the mount. With ESR you are assured that your device is safe.

Comfort of use

Are you worried that the mount will cause visibility problems? Don't be! The product is designed to provide the ultimate in comfort. As a

result, you will mount your smartphone on the ventilation grille for comfortable and safe use. You can also freely rotate the head of the holder, so you can position your device both vertically and horizontally.
