ESR Tempered Glass for iPhone 13 / 13 Pro / 14 (2 pcs)

Protect the screen of your iPhone 14, 13 or 13 Pro from damage. ESR brand tempered glass is distinguished by its high hardness and is extremely scratch-resistant. It will provide reliable protection for your smartphone's display without affecting the comfort of use. The product is also extremely easy to install. The set includes 2 tempered glasses.

Incredible durability

ESR brand tempered glass is characterized by impressive strength and hardness. It can withstand a lot of pressure - it will effectively protect the screen of your iPhone 13 / 13 Pro / 14 from impact or scratches. What's more, thanks to its well-thought-out design, it perfectly adheres to the display, protecting it over its entire surface. It also shields the device's speaker, preventing dust from getting into it.

Comfort of use

Don't worry that using your iPhone will become less comfortable after installing the tempered glass. The accessory provides excellent image quality and allows you to use the Face ID function without interference. It also features high touch sensitivity. So you can comfortably operate the phone - exactly as before!

Easy to install and maintain

Mounting the glass is extremely easy - you will find special accessories included to make this task easier. No more annoying air bubbles! What's more, the product will help you keep your smartphone screen clean. It is covered with a special coating, so that no smudges and fingerprints remain on it.
