Phone Desktop Stand Nillkin (white)

Ref: 6902048199828

Nillkin Desktop Stand for Phone (white)

Ensure the convenience of your smartphone and make your daily activities easier with the Nillkin Desktop Stand. Its well-thought-out, adjustable design allows you to keep your device in a stable position. The product also features a mirror and practical compartments in the base.

Thoughtful design

The product is made of durable material, taking care of its longevity. What's more, it has the ability to adjust the tilt in the range of 0-50° and make a full vertical rotation. The ergonomic design of the whole supports a healthy posture when using a smartphone, allowing you to avoid unpleasant pain and muscle tension.

More possibilities

This is not the end of the advantages of the Nillkin Desktop Stand. It features a mirror that you can use during your daily activities. As an added convenience, there are compartments on its base where you can place various small items - such as jewelry, keys or headphones.
