

Car charger LDNIO C2, 2x USB, QC 3.0, LED, 36W (black)

Ref: 6933138618028

Car charger LDNIO C2, 2x USB, QC 3.0, LED, 36W (black)

LDNIO C2 car charger, 2x USB, QC 3.0, LED, 36W (black)

Equip yourself with a powerful car charger and instantly replenish the power of various devices while traveling. The LDNIO C2 offers 2 USB ports and a maximum power level of 36W. It also has an LED display that provides information about the operation of the charger and the car battery.

High performance

The product is equipped with a powerful chip that allows you to quickly charge your devices through PD and QC3.0 protocols. The maximum power of 36W provides high efficiency of the charger, allowing you to replenish your devices in no time. High-quality materials - aircraft-grade metal and fire-resistant PC plastic - were used in the production.

Thoughtful design

The C2 offers 2 USB ports, making it compatible with a wide range of devices. What's more, it uses a number of protections, including short-circuit, high temperature, over-charging and over-discharging, excessive voltage or electromagnetic field. You will successfully use it in any vehicle, using 12-24V voltage.

More possibilities

The charger has a built-in LED display that provides information about voltage and current during charging. As an added bonus, it monitors the voltage of the car battery. This will let you know when the parameter drops below 11V, which is a clear signal for replacement.

Manufacturer

LDNIO

Model

C2

Color

Black and silver

Ports

2 x USB

Input

DC12-24V

Output

3.6-6V/3A, 6-9V/2A, 9-12V/1.5A

Power

36 W (Max)
