Power strip with 6 AC outlets, 4x USB, LDNIO SE6403, 2m (black)

Provide a convenient and safe way to charge your devices. The LDNIO SE6403 power strip, which is equipped with 6 AC outlets and 4 USB ports, will help you. The product intelligently adjusts the optimal current to the connected equipment, and light indicators inform about the operation status. Importantly, the power strip protects against overcharging and is made of fire-resistant PC material, making it completely safe to use.

Convenient energy restoration

The LDNIO SE6403 power strip is equipped with 6 European AC outlets, so you can charge several of your devices at the same time. What's more, the product has 4 USB ports, which further expand the possibilities and allow you to charge, for example, a smartphone without an adapter. The trump card of the power strip is also a solid workmanship - the PC material is fireproof and is not intimidated by temperatures up to 700°C.
