

Car phone clip holder LDNIO MG04 (black)

Car phone clip holder LDNIO MG04 (black)

Ref: 6933138691168

LDNIO MG04 (black) car clip phone holder.

Ensure proper stability for your equipment while traveling in the car. The car phone holder, which mounts on the car's air vents, has a 360-degree grip adjustment range. The automatic side clamps of the mount self-adjust to your phone.

Compact design

The design of the mount is uniquely small, allowing more space for ventilation. Meanwhile, the hook on the back provides a secure and stable grip when fastened to the grille. What's more, the highly flexible steel perfectly fits the phone and guarantees its stability.

Durable

The product was created with your comfort and the safety of your equipment in mind. It does not restrict movement. The metal buckles are sturdy and durable. Another advantage of the holder is the ability to operate the phone with one hand. This allows you to comfortably and safely use navigation, answer incoming calls, etc.
