

Magnetic car holder for phone LDNIO MG09 (black)

Magnetic car holder for phone LDNIO MG09 (black)

Ref: 6933138691533

Car magnetic phone holder

Car magnetic phone holder is an essential accessory for every driver! The practical gripper provides comfortable handling of your smartphone. The use of a magnetic mount allows you to hold your phone stably, without worrying about damage.

Comfortable handling of the smartphone

Thanks to the practical holder you can easily operate your cell phone with one hand! You can use the map or play your favorite songs without hindering your driving. What's more, the extremely small size of the product does not limit your visibility during a car ride.

Thoughtful design

The magnetic mount stably holds your smartphone in a certain position. In addition, you can freely rotate it to adjust the positioning to suit your needs. You can conveniently attach your smartphone without worrying about damaging it.

Easy installation

Mounting the gripper is extremely easy. All you need to do is stick it to the desired place in your car, and attach the magnetic puck to the phone case. From now on, you will place your phone in the gripper with a flick of the wrist!
