Ref: 6933138691489

LDNIO phone stand (white)

LDNIO phone stand will allow you to use your phone comfortably. It has adjustable height and 3 modes of tilt. It is non-slip and compatible with many models of smartphones with a screen diagonal of up to 7.2" inches.

Adjustability

The height and tilt angle adjustment feature allows you to easily customize the stand to suit your needs. There are 3 modes of tilt - 30, 60 or 100 degrees. The mount allows you to comfortably watch your favorite series, browse the web or make video calls.

Small size

LDNIO stand you can easily take with you wherever you want. When folded, you can easily stow it in your bag, backpack or luggage. In addition, the product features wide compatibility. You will fit it to most popular smartphones with a maximum diagonal of 7.2" inches.

User-friendly

The specially designed design stably holds your smartphone. While the silicone coating prevents it from accidentally slipping off the stand. The stand is made of high-quality materials, so you don't have to worry about damage.
