Ref: 5907489609289

LED ceiling lamp BlitzWolf BW-LT38 with remote control, 24W

BlitzWolf LED ceiling lamp BW-LT38

Looking for a versatile ceiling lamp that will provide you with optimal lighting in your chosen room? Opt for the BlitzWolf BW-LT38! The device will provide you with high-quality light, the brightness and color temperature of which can be adjusted to your needs. A special Night Light mode is also available. The lamp is also very easy to install and is distinguished by its IP54 water resistance. You will also find a practical remote control included.

Optimum illumination

Provide the perfect lighting for any occasion. The BW-LT38 lamp is equipped with 32 2835 LED beads, so it offers optimum, eye-safe light. You can also adjust it according to your expectations. The product allows you to adjust the color temperature of the lighting in the range of 3000-6500K and set its brightness up to 2200lm. This means that it will be perfect for both working and relaxing!

The perfect lamp for the bedroom

There is also an additional Night Light mode, which provides soft illumination with a brightness of just 5%. This is ideal if you don't like to fall asleep in total darkness. It will also work well in a child's room. What's more, you can set the lamp to turn off 30 seconds after pressing the button - so you'll have time to go to bed and avoid hitting something in the dark!

Practical remote control included

The set also includes a practical remote control, which allows you to conveniently control the lamp remotely. Using it, you can not only turn the light on or off, but also adjust its brightness and color temperature, start Night Light mode or choose to turn it off after 30 seconds. In addition, the BW-LT38 remembers the last used settings and automatically restores them.

Works well in any room

Living room, kitchen or maybe bedroom? The BW-LT38 lamp will work perfectly in almost any room! It is distinguished by IP54 water resistance, which means that it is not afraid of moisture, steam or accidental splashing. So you can install it even in the bathroom without worry. The product is also extremely easy to install - you will manage it without any problems.
