

TWS BlitzWolf BW-FYE15 earbuds (black)

TWS BlitzWolf BW-FYE15 earbuds (black)

Ref: 5907489609227

BlitzWolf TWS BlitzWolf BW-FYE15 in-ear headphones (black)

Enjoy amazing sound quality while playing games, talking on the phone, or listening to music. The headphones are equipped with triple dynamic 6mm drivers. The headphones provide low latency and use Bluetooth 5.0. In addition, they are extremely durable and IPX5 waterproof.

Excellent sound quality

The 6mm dynamic drivers deliver clear, richly detailed sound. This means you can not only discover previously unknown details of your favorite songs, but also enhance the immersion when you play games. In addition, they provide excellent sound isolation, even in extremely loud places.

No lag

With BlitzWolf, nothing will stand in the way of your victory! The BW-FYE15 headphones are equipped with an advanced gaming chip and support Bluetooth 5.0 technology, so they can provide a fast and stable wireless connection with low latency.

Waterproof

The headphones are IPX5 waterproof. Which allows you to take the BW-FYE15 with you to the gym or a walk in the rain - a few drops of

water are not afraid of them!

Long working time

Don't worry that the headphones will discharge too quickly and thus spoil your gameplay. BW-FYE15 are equipped with heavy-duty batteries that provide surprisingly long runtime. In standby mode they can last for up to 40 hours! What's more, charging the headphones with the included case won't take long - about 2 hours is enough.
