Wall charger Mcdodo CH-0922 USB + USB-C, 33W + USB-C cable (black)

Mcdodo CH-0922 USB + USB-C charger, 33W + USB-C cable (black)

The Mcdodo CH-0922 charger will charge your phone, tablet or laptop in no time! Its power is 6x more than the average 5V/1A charger. CH-0922 supports fast charging technology and is compatible with many devices. It is equipped with USB-C and USB-A ports that allow you to charge 2 devices simultaneously. The total output power is 5V/3A. A smart chip is built into the charger, which controls the temperature. The housing of the device is made of fire-resistant material, increasing the safety of use.

### Wide compatibility

CH-0922 is characterized by high versatility. You can charge notebooks (e.g. MacBook Air 2018/2020, Macbook Pro 13 2019/2020), tablets (e.g. iPad Pro 2021/2020/2018, iPad Air 2020), gaming devices (e.g. Switch) and phones (iPhone, Huawei, Samsung, Xiaomi models), among others. In addition, you can use the Mcdodo brand charger to charge your headphones. The 60W cable is compatible with laptops, tablets and phones. As you can see - the possibilities are endless!

### Reduced charging time

Thanks to the fact that the Mcdodo CH-0922 charger supports fast charging technology, you don't have to wait long before your devices

are ready for use! For example - 15 minutes is enough for your iPhone 12 battery to reach 30%. The Redmi K40 will be fully charged in 52 min. In an hour, the iPad Pro's battery will reach 65%. And 150 min is the time it takes to fully charge a MacBook Air.

#### Safety of use

Care has been taken to ensure that the Mcdodo charging kit is completely safe. The case of the charger is made of fireproof material. A smart chip is built into the device, which controls the temperature. CH-0922 will certainly not damage the battery of your device. The safety standards and good quality of the device are proven by CCC, FCC, CE and RoHS certifications.
