

Car Charger Acefast B3, 66W, 2x USB-C + USB (black)

Car Charger Acefast B3, 66W, 2x USB-C + USB (black)

Ref: 6974316280415

Acefast B3 car charger

Equip yourself with the practical Acefast B3 car charger, which allows you to quickly and safely charge three devices simultaneously. The B3 is equipped with two USB-C ports and one USB-A port, and is rated at 66 watts. The charger has a number of safety features, so you can renew the power of your chosen devices without worrying about their safety. Compatibility with the most popular fast charging protocols and a DC input voltage of 12V-24V is also a plus.

Instant charging

Renew the power of up to three devices simultaneously and save valuable time. The charger features two USB-C ports and one USB-A port, each compatible with a variety of popular fast charging protocols. Are you on the go and your smartphone or tablet just died? Just plug in your device and enjoy fast, safe charging.

Well-designed

Acefast B3 is equipped with a special chip that intelligently detects connected devices and ensures optimal charging parameters. A number of safety features are also a plus, thanks to which the product is protected against overvoltage, overcharging, overcurrent or overheating. Compatibility with 12V-24V input voltage makes the charger fit most popular vehicles.
