

## Car Charger Acefast B4, 66W, USB-C + USB, with display (black)

Car Charger Acefast B4, 66W, USB-C + USB, with display (black)

Ref: 6974316280392

### Acefast B4 car charger

Equip yourself with the rugged Acefast B4 car charger, which is equipped with one USB-C port and one USB-A port and allows you to quickly charge two devices simultaneously. One of the product's strengths is its digital display, which provides real-time information about the charging voltage. The power of the charger reaches 66 watts, moreover, the device has a number of safety features and guarantees safe energy regeneration.

### Fast energy renewal

The Acefast B4 car charger is distinguished by its wide compatibility and allows convenient charging of many popular devices. It also supports several fast charging protocols, so it takes 1 h 14 minutes to fully renew the energy of a Google Pixel 2, and 2 h to charge an iPad Pro. The input voltage of the charger is 12V-24V, so you can easily use it in many cars, SUVs or trucks.

### Smart solutions

A highlight of the B4 charger is the digital display, which shows real-time information about the charging voltage. Also noteworthy is an intelligent chip that recognizes connected devices and adjusts the optimal charging parameters. Importantly, you can use two ports (USB-C and USB-A) and save time by charging two devices at the same time.

### Well-designed

The product is distinguished by its robust design, making it resistant to wear and tear and mechanical damage. The charger remains stable in the car cigarette lighter and guarantees a steady flow of current even on bumpy roads. It also has the advantage of compact size, low weight and elegant design.

Included  
Car charger
