

Dashboard Mount Joyroom JR-OK3, Adjustable (Black)

Ref: 6941237104120

Dashboard Mount Joyroom JR-OK3, Adjustable (Black)

Joyroom JR-OK3 dashboard mount, adjustable (black)

Looking for a holder that will hold your phone stably in place? JR-OK3 will make any trip easier! The product features wide compatibility with many phone models, including iPhone 5S, iPhone 7, iPhone X or OPPO 6.17, all thanks to its multiple adjustment options. Installation and removal are extremely easy and you don't have to worry about potential damage to your car's dashboard!

Stability

The holder is made of sturdy materials, so don't be afraid of possible deformation. Putting the phone in the right place is enough for the auto-lock function to work, thanks to which the phone will definitely not fall down. An additional advantage of the JR-OK3 is its small size - nothing will block your visibility on the roads!

Endless possibilities

It's up to you to decide the positioning of your phone, and with the Joyroom mount's multiple rotation options, nothing limits you! You can position your phone horizontally or vertically (360° rotation is possible). Up/down rotation is possible by up to 210°. In addition, the length of the handle is adjustable (from 21 to 25 cm).
