Car Grille Holder Joyroom JR-ZS246 with Qi Inductive Charger (Black)

Joyroom JR-ZS246 car grille mount with Qi inductive charger (black)

The Joyroom JR-ZS246 mount allows you to comfortably use your navigation while traveling. In addition, it offers fast and wireless charging of 15W. As a result, it will renew your smartphone's energy 2 times faster than other products of this type. What's more, it automatically closes, and the LED backlight gives it a stylish look. It fits smartphones with a screen diagonal of 4.7" to 6.8", and a special locking mechanism ensures stability and safe use.

### Safe charging

The improved design of the holder allows it to automatically detect the charging area of the smartphone. In addition, the product is Qi certified and has protections against overheating, overvoltage, overcharging, etc., so you are assured of safe use. That's not all! The double locking mechanism ensures stability - now you can navigate the bumpy road without worry. In addition, the silicone finish protects the ventilation grille from scratches.

### Wide compatibility

Are you worried that the holder will not work with your equipment? Don't be! Joyroom JR-ZS246 fits smartphones whose screen diagonal does not exceed the range of 4.7-6.8" and thickness - 8 mm. So you will successfully mount smartphones of such brands as Samsung, Apple or Huawei.

#### Comfort of use

Joyroom provides the user comfort you deserve. The holder is equipped with a modern mechanism, thanks to which the holder automatically opens. On the other hand, if you want to remove your phone, press the dedicated button. In addition, it has LED backlighting, which will make it easier to locate the holder after dark.
