Joyroom JR-ZS283A car dashboard mount (black)

Ensure maximum comfort while driving your car. This will be helped by the Joyroom JR-ZS283A dashboard mount, which guarantees a stable position for your smartphone both vertically and horizontally. Thanks to its compact design, the holder does not obstruct the field of view while driving, moreover, it is compatible with a wide range of devices with diagonal from 4.7" to 6.7".

Well designed

The Joyroom JR-ZS283A mount is equipped with a nano gel sticker, so it adheres well to the dashboard and maintains a stable position even on bumpy roads. Also noteworthy are the silicone inserts placed inside the holder, which prevent scratching the smartphone and provide even more stability.

Adjustable design

No more restrictions. The Joyroom JR-ZS283A is distinguished by its adjustable design, so you can conveniently maneuver your phone and position it both vertically and horizontally. Another advantage is the practical button on the back of the holder, which allows you to efficiently remove the device and operate the holder with one hand.
