

USB Cable for Lightning Joyroom S-1230K6 2.4A 1.2m (Black)

Ref: 6941237150998

USB Cable for Lightning Joyroom S-1230K6 2.4A 1.2m (Black)

Joyroom S-1230K6 2.4A 1.2m USB to Lightning cable

Enjoy fast charging of your devices. Joyroom's USB to Lightning cable provides up to 2.4A of power, and thanks to its smart chip, guarantees safe use. It also features impressive durability and compatibility with Apple devices. Forget about problems and pop-ups!

Robust construction

The cable's connectors are made of high-quality zinc alloy, making them extremely durable. They are also distinguished by their resistance to corrosion and scratching. In addition, the tin-plated copper cable guarantees faster and more stable charging. The cable is also extremely durable, and its most vulnerable parts have received extra protection - it won't be intimidated by bending or pulling!

Current up to 2.4A

The Joyroom S-1230K6 cable allows fast charging of most iPhones. It provides a current of up to 2.4A, which translates into impressive efficiency. For example, it only takes about 30 minutes to charge an iPhone 12 to 50% with it. No more wasted time!

Safe charging

Don't worry about damaging the cable or the equipment connected to it. The built-in resistor ensures stable current, guaranteeing reliable protection for your charged devices. Thus, your iPhone or iPad will be charged not only quickly, but also safely!
