

## USB Cable for Lightning Joyroom S-2030K6 2.4A 2m (Black)

USB Cable for Lightning Joyroom S-2030K6 2.4A 2m (Black)

Ref: 6941237151001

### Joyroom S-2030K6 2.4A 2m USB to Lightning cable

Enjoy fast charging of your devices from Apple. Joyroom's USB to Lightning cable provides up to 2.4A of power, and thanks to its smart chip, guarantees safe use. It also stands out for its impressive durability and resistance to damage.

### Compatible with your equipment

The cable is fully compatible with Apple devices. Forget about charging problems and pop-ups! With its help you will charge your iPhone, iPad or AirPods, for example, in a short time. In addition, the built-in resistor ensures stable current, guaranteeing your charged devices reliable protection.

### Robust construction

The cable's connectors are made of high-quality zinc alloy, making them extremely durable. They are also distinguished by their resistance to corrosion and scratching. What's more, the tin-plated copper cable guarantees faster and more stable charging. The cable is also extremely durable, and its most vulnerable parts have received extra protection - it won't be intimidated by bending or pulling!

### Current up to 2.4A

The Joyroom S-2030K6 cable allows fast charging of most iPhones. It provides a current of up to 2.4A, which translates into impressive

efficiency. For example, it only takes about 30 minutes to charge an iPhone 12 to 50% using it. No more wasted time!
