Foldable, telescopic phone stand Dudao F10XS (black)

Ensure comfort while watching movies or having video calls! The telescopic phone/tablet stand allows for height and angle adjustment. It also features an anti-slip construction.

Reliable stability

Specially designed stand construction securely holds your phone or tablet. You don't have to worry about your smartphone slipping! Silicone elements placed in three areas ensure device safety.

Adaptable to various needs

The stand has a practical angle adjustment function, allowing you to easily adjust it to your needs. You can freely rotate the top part by 180 degrees. Meanwhile, the bottom part allows adjustment within a 90-degree range. Furthermore, you can also adjust its height.

Compact construction

The product features lightweight and small dimensions, so it won't take up much space on your desk or table. Additionally, the foldable design makes transportation easier - you can easily pack the stand into a backpack or luggage and enjoy comfort while watching your favorite series or browsing the internet. The accessory is fully compatible with all smartphones and tablets available on the market.
