Ref: 6973687242565

Gravity holder for smartphone Dudao F11 Pro (black)

Dudao F11 Pro gravity phone holder

Provide unparalleled comfort while driving your car! The Dudao F11 Pro gravity mount is distinguished by its well-thought-out design that stably holds your phone. The automatic side clamps of the mount self-adjust to the width of the device. In addition, it allows 360-degree adjustment.

Carefully considered design

The F11 Pro guarantees the highest level of security for your phone. The well-thought-out Y-shaped design ensures reliable stability while driving even on bumpy roads or speed bumps. In addition, you can easily charge your smartphone without removing it from the holder, thanks to a special cutout.

Easy installation

The Dudao mount has a specially designed bracket that allows you to quickly install it in the car's air vents. In addition, when you place your smartphone in it, it will automatically adjust to its shape, while when you remove it, it will automatically return to its initial position.

Comfortable operation of the phone

Another of the advantages of the mount is the ability to operate the phone with one hand. This allows you, among other things, to

comfortably and safely use navigation or answer phone calls. What's more, you can easily adjust the position of your device thanks to 360° adjustment.
