Ref: 6970379617168

USB-C to USB-C cable Dudao L5ProC PD 45W, 1m (gray)

Dudao L5ProC PD 45W USB-C to USB-C cable

Get fast charging for your devices. The Dudao L5ProC USB-C to USB-C cable supports PD 45W and is extremely durable. A special braid ensures that it is resistant to damage, and the durable connectors are incredibly low-wear. The length of the cable is 1m.

Fast charging

Don't wait too long until your devices are ready to work again. The L5ProC cable supports PD 45W fast charging, which means it can renew the power of your smartphone or tablet in a surprisingly short time. About to leave the house and your phone is close to draining? Plug it in for a while and don't worry about a thing!

Durable design

Do not worry that the cable will wear out too quickly and you will need to buy a new one. The L5ProC is extremely durable - a special braid protects it from all sorts of damage. In addition, the product's connectors are distinguished by an incredibly durable design - don't worry about them coming loose.
