Dudao R5Pro 1x USB, 3.4A car charger + 3-in-1 USB-C / Micro USB / Lightning cable

The Dudao R5Pro car charger will come in handy for any driver. It is equipped with a USB port and a 1-meter cable with USB-C, micro USB and Lightning connectors. As a result, it allows you to charge up to 4 devices simultaneously. You no longer have to worry about your phone discharging while you're on the road! The product provides up to 3.4A and is compatible with most 12V / 24V vehicles.

Equipped with a triple cable

Going on a trip? You don't need to take extra cables with you anymore! The Dudao R5Pro charger is equipped with a 100 cm long cable with 3 connectors - USB-C, Lightning and micro USB. It also offers a USB port, so you can connect one more device to it, such as your tablet or passenger's phone.

Compact design

The R5Pro charger is not only functional, but also extremely compact and portable. It won't take up too much space in your car. It is made of durable ABS plastic and aluminum alloy, which makes it extremely durable. What's more, its well-thought-out design will provide it with the necessary stability, even on potholes and bumpy roads.

Safety of use

Enjoy safe use. The charger is equipped with an advanced system that protects it from overcharging, overcurrent, short circuit and overheating. The device also has a smart chip that regulates the voltage in such a way as to protect the battery of the equipment being charged from damage. In addition, reinforced copper wires ensure stable transmission and fast charging.

Fast charging

Heading out on the road? Connect your phone to the charger before you leave, and when you arrive at your destination, it's ready to go! The charger provides a maximum output of 3.4A, which means it can charge your devices in a surprisingly short time. No longer do you have to worry that your smartphone will refuse to serve you at the least opportune moment!
