Wall Charger Choetech, 33W, PD5006 A+C dual port (white)

Ref: 6932112100665

Choetech mains charger, 33 W, PD5006, A+C dual port (white)

Looking for a handy charger that will allow you to charge 2 devices at the same time? Choetech's product will meet your expectations! The device features USB-A and USB-C ports, making it extremely versatile and compatible with many phones, tablets, laptops and more! The charger supports fast charging technology, is energy efficient, and is safe to use. Small size and high power (33 watts) are the characteristic features of Choetech charger.

Wide compatibility

A great advantage of the Choetech mains charger is its compatibility with many popular devices. PD 20W charging standard is possible for iPhone 12 and 13, QC 18W for iPhone 11, X, XR, 8 and Nintendo Switch, PD 25W for Samsung S21, S20, Samsung Note 10/10+, PD/QC 30W for iPads, tablets and laptops (iPod Air, Pro, Mini, Macbook, HP, Dell) and more. You can also charge AirPods 2, Pro, iWatch or wireless chargers. The possibilities don't end there!

Instantly charges your devices

Choetech charger will quickly charge not one, but two devices! The long wait until your phone or tablet is ready for use will become just a memory. Thanks to PD 3.0 and QC 3.0 technologies, your device's charge level will reach 60% in just 30 minutes. With a 5W charger, it would take the same amount of time to charge the battery to 20%. The Choetech charger supports Samsung's fast charging protocols, so

your device will be charged 3x faster!

Safety of use

For the safety of your devices, smart charging adjusts the power accordingly to the device being charged. Fast charging takes place when the battery is charged between 0% and 60%. Standard charging - in the range of 60% to 80%, and sustained charging - in the range of 80% to 100%. No need to worry about overcharging or overheating!
